

mappel::Estimator::
compute_profile_estimate

```
graph LR; A["mappel::Estimator::  
compute_profile_estimate"] --> B["mappel::Estimator::name"]
```

A diagram showing a function call. On the left, a gray rectangular box contains the text "mappel::Estimator::compute_profile_estimate". A dark blue arrow points from the right side of this box to the left side of a white rectangular box on the right. The white box contains the text "mappel::Estimator::name".

mappel::Estimator::name
